Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Trash Capture and Sediment Control in Lake St. Clair project in fiscal year 2025. The entity to receive funding for this project is Macomb County Public Works, located at 21777 Dunham, Clinton Township, MI 48036. The funding would be used to grow a pilot program to expand trash capture and sediment control for urban watersheds affecting water quality in Lake St. Clair. This project is an appropriate use of taxpayer funds because Lake St. Clair is the source of drinking water for millions of Michigan residents. The County is committed to improving water quality throughout the region through this project.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq. and Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in cursive script that reads "Lisa C. McClain".
