Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Yale Wastewater System Upgrade project in Fiscal Year 2027. The entity to receive funding for this project is City of Yale, located at 111 W Mechanic St, Yale, MI 48097. This funding would be used to upgrade wastewater infrastructure by lining aging pipes, modernizing the pump station and interceptor pipe, and improving three lagoon cells within the City's facultative lagoon system. The project is an appropriate use of taxpayer funds as it would ensure essential wastewater infrastructure improvements that protect public health and the environment while supporting economic stability in a financially constrained community.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Lisa C. McClain".
