Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for 26 Mile Road Drain Improvement in the surface transportation reauthorization legislation.

The project sponsor for this project is Charter Township of Shelby and the project is located at 26 Mile Road, Shelby Township, MI 48315.

The funding is designated for drain improvement.

The project is an appropriate use of taxpayer dollars and would have many benefits to the community. Locally, over 100,000 residents utilize this road in conjunction with non-local and business users. This collaborative effort includes the support of Shelby Township, Washington Township, Utica Community Schools, the Macomb County Department of Roads (MCDR) and the Macomb County Public Works Office (MCPWO). The opportunity afforded through this multijurisdictional approach promotes a sustainable complete streets approach which advances safe and reliable transportation and pedestrian access and movement throughout the route and to the local elementary school. We will focus on improving drainage and installation of necessary utilities and infrastructure. The requested project progresses the quality of life, both locally and regionally, and is a strategic asset management opportunity for Washington, Shelby, MCDR and MCPWO as well as the entire community and region.

I certify that neither I, nor my immediate family, has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Lisa C. McClain". The signature is written in a cursive style with a large, looped "L" and a distinct "C" before the last name.
