Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for Dryden Road in surface transportation reauthorization legislation.

The project sponsor for this project is the Lapeer County Road Commission and the project is located at Dryden Road, Metamora, MI 48455.

The funding is designated for road rehabilitation.

The project is an appropriate use of taxpayer dollars and would have many benefits to the community. It would allow for safe and efficient travel of agriculture goods, automotive parts, aggregate materials, raw products, etc. This route connects two major highways, M-24 and M-53, which lead into Detroit, Michigan to the south, with the Ambassador Bridge international border crossing into Canada. Furthermore, to the north these state routes connect to I-69 which is the direct transportation route across the Blue Water Bridge into Canada.

I certify that neither I, nor my immediate family, has any financial interest in this project.

Sincerely,

A handwritten signature in cursive script that reads "Lisa C. McClain".
