Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for Haist Road over Pigeon River in surface transportation reauthorization legislation.

The project sponsor for this project is Huron County Road Commission and the project is located at Haist Road, Winsor Township, MI 48755.

The funding is designated for preventative bridge maintenance.

The project is an appropriate use of taxpayer dollars and would have many benefits to the community. The bridge is a relatively large, 4 span structure and was constructed in 1987 and is in generally good condition except for the piers. The piers are exhibiting significant scaling, up to 6 inches deep, around the ordinary high-water mark with exposed steel. The piers are currently rated in fair condition. However, based on the amount and severity of deteriorated area, will advance to poor without addressing the elements.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Lisa C. McClain".
